An Application Fee of $330 per child or $660 per family is payable to complete the full application process. These are non-refundable administration fees.

TUITION FEES

College Council sets fee rates each November for the following year. Parents are notified of the new fee rates by a letter from the College Chair.
Tuition fees cover most aspects of tuition. Tuition fees are payable in three (3) instalments due by Week 4 of Terms 1, 2 and 3. However, there are a number of periodic and other payment options available. Statements are issued at the beginning of each term and include the instalment and all other relevant fees and charges.

A concession in tuition fees is applied where two or more members of a family are attending the College. A 12.5% discount applies to tuition fees for the second child, and a 20% discount applies to the third child. Any subsequent child attending the College in the same year will receive a discount of 100% of tuition fees. Sibling Discounts are not applicable to the Early Learning Centre.

The eldest child currently attending the College is considered the first sibling for the purpose of applying the sibling discount. The discount is applied to children who are members of a stepfamily, blended family, bonus family or separated family in proportion to the financial commitment made by each parent or stepparent. The College may request evidence of the relationship status reported to the Department of Human Services to determine a family's entitlement to the sibling discount.

As technology becomes increasingly integral to modern education, the cost of maintaining and advancing ICT infrastructure has grown significantly. To ensure the College can continue to deliver a high-quality digital learning environment all students are charged an IT levy.

This levy covers the provision of a shared digital device for students in Kindergarten to Year 4 and a personal digital device for students in Year 5 to Year 12 together with most software licenses. In addition, this levy will support the ongoing development, maintenance, and enhancement of the College's ICT environment, including classroom technologies such as interactive whiteboards, campus-wide Wi-Fi, secure network access, learning management systems, cloud-based platforms, printing and scanning facilities, educational software, and dedicated technical support.

The IT levy is charged with Instalment 2.

OTHER FINANCIAL TERMS AND CONDITIONS

Collection Policy

As non-payment of fees affects the delivery of education to all students, the College is obliged to pursue recovery action for the equity of all students. The College has a staged process to collect outstanding accounts. While every attempt will be made to come to a suitable payment plan, ongoing arrears will lead to formal recovery proceedings. The cost incurred by the College for formal debt recovery proceedings will be added to the account. The College further reserves the right to reverse fee rebates, concessions, scholarships and bursaries as well as withdraw the enrolment of students should the account remain unpaid.

Fee Payment Extension

The College may grant a fee payment extension where exceptional circumstances exist, which are outside of the parent's control. A request for such an extension of time for payment shall be made in writing to the Finance Manager *prior* to the due date.

Income and Asset Tested Fees Concession

Parents, who, because of low income or temporary financial hardship, consider that they cannot meet full payment of fees, can submit an application for an Income and Asset Tested Fees Concession (Bursary). Each application will be dealt with discreetly and in the strictest confidence. Application forms are available from the Finance Manager. Bursary holders are required to enter into a Direct Debit arrangement for the payment of fees.

Late Payment Fees

A $55 Late Payment administration fee will be charged if fees remain unpaid at the due date each term. It is important that inability to pay accounts be discussed with the Finance Manager *prior* to any default to obviate the necessity for legal action.

Late Withdrawal Fee

Should a student be withdrawn from the College, or if an enrolment is cancelled by the parents, it is a requirement to give the Principal one term's notice *in writing*, before the withdrawal or cancellation date. If withdrawal is to be effective at the end of the College year, written notice must be given by the end of third term. Parents who do not give such a period of notice will be liable to pay the College an amount equal to one term's fees in lieu of such notice if the enrolment place is unable to be immediately filled.

Participation in Co-curricular Activities

The College offers a diverse range of co-curricular opportunities for students. Non-payment of fees affects the delivery of education to all students. Those receiving an Income and Asset Tested Fee Concession or with overdue Tuition Fees and Charges may be denied the privilege of participating in co-curricular activities not otherwise covered by the Sundries Levy. Students receiving an Income and Asset Tested Fee Concession or with an overdue account are ineligible to participate in domestic and international study tours.

Students on Exchange Programs

Students that are absent from the College for an extended period while participating in an approved international educational study program may apply for a fees exemption. To be eligible, the duration of the study program must be at least one school term and concessions will be applied in a term block. Any request for exemption from fees while participating in an education program must be in writing and be addressed to the Principal.
